Note 1. The type number of the meter

The type number consists of two parts, a 9-digit static part and a 5-digit dynamic part. The static part of the type number is printed on the front of the meter, while the dynamic part of the type number can be viewed in the display.

To evoke the dynamic part of the type number, press the primary key and hold it down until the text 2 – TECH becomes visible in the display. Release the primary key briefly and subsequently use it to shift forward until index number 2-018-00 is visible in the display. Now use the secondary key to shift forward until index number 2-018-09 is visible in the display, release the key and the dynamic part of the type number will be visible in the display with reference N° 21 in the display's upper right corner.
